# AET Europe joined The Hague Security Delta

Largest security cluster in Europe welcomes AET Europe as Premium Partner

Arnhem, August 13<sup>th</sup> 2015 – With effect from 1<sup>st</sup> of August, [AET Europe](#) became Premium Partner of [The Hague Security Delta \(HSD\)](#), the largest security cluster in Europe. AET want to share her expertise in the field of user identification, authentication, digital signature and e-ID management. Good cooperation between government and industry can lead to excellent security solutions is the opinion of the international company.

Within the Hague Security Delta (HSD) businesses, governments, and knowledge institutions work together on innovations and knowledge in the field of cyber security, national and urban security, protection of critical infrastructure, and forensics. The security cluster aims to stimulate economic development and innovation in security. The foundation acts as driving force, responsible for the implementation of the strategic direction and the international promotion of the security cluster, through trade missions, communication and acquisition of companies, institutions and conferences.

Jan Rochat, CTO of AET Europe about the partnership between HSD and AET:

*'We have joined HSD because we believe in the benefits of collaboration. As an international IT-security software development company it is important to get access to all knowledge and expertise that is available in the market. We are optimistic to get in contact with the right partners and stay on top of new developments and trends in the security sector'.*
